

**PG RESEARCH UNDERTAKEN BY MEDICAL SURGICAL
DEPARTMENT**

RESEARCH TOPICS				
S.NO	year	Number of guided students	Guided PG Students Name	Thesis Topics of the guided PG Students
1	2019	1	Mr.JOSE PAUL RADER.B	Efficacy of Cutaneous Stimuli on Pain and Functional Ability among Haemodialysis Patients with AV Fistula.
2	2018	2	Mr. PRASANNA KUMAR .E	A study to evaluate the efficacy of pulmonary rehabilitation program on health well-brig among patients with COPD in selected hospitals at Madurai
			Ms. RACHEL. R	A study to evaluate the efficacy of twin therapeutic technique on physiologic outcome among patients underwent cardiac surgery in selected hospital at Madurai.
3	2017	1	Ms.ALLEN RETNA STEBIJ	A study to assess the effectiveness of selected relaxation techniques on quality of life among geriatrics at selected geriatric homes in Madurai.
4	2016	2	Mr. DEEPAK STEPHEN.D	Study to evaluate the impact of comprehensive interventional package to identify the risk of ventilator associated pneumonia among ventilated patients.
			Mr. ALLAN DERRICK SAMUEL.P	A study to evaluate the effectiveness of educational program regarding DOTS in assessing knowledge and compliance among patients with tuberculosis in specific tuberculosis centers in Madurai.
	2015	3	Ms. NITHYA.K	Efficacy of preoperative education program on postoperative outcome among patients undergoing cardiac surgeries at selected hospital.
			Ms. ANNLIN SMILA.S	Effectiveness of protocol based nursing care in assessing the knowledge and practice regarding chest tube drainage among nurses at selected hospitals.
			Ms. SHARMILA.D.S	Efficacy of video teaching program on TB relapse prevention in knowledge and perception among patients under TB treatment.

5	2014	5	Ms. MERCY KERNAPPUCH.S	Effectiveness of communication sign board for mechanically ventilated patients on effective communication among staff nurses at selected hospitals.
			Ms. SASIKALA.P	Assess the health personnel's risk and their knowledge with introducing SIM on varicose vein at Christian Mission Hospital.
			Ms. DEARLIN.D	Effectiveness of IEC package on knowledge and attitude regarding EECPT therapy among nursing personnel at Christian Mission Hospital.
			Ms. U. SHANTHI	A quasi experimental study to assess the effectiveness of AnulomVilom pranayama on quality of sleep among geriatrics at selected oldage home in Madurai.
			Ms. THAMIZHENTHI.R	A study to evaluate the efficacy of foot reflexology on sternotomy pain reduction among post cardio thoracic surgery patients at selected hospitals in Madurai.
6	2013	8	Ms. SABITHA C.R.	Evaluate the effectiveness of cryotherapy on AV fistula puncture pain among hemodialysis patients at selected kidney center in Madurai.
			Ms. MAGDALENE PATSY .P	Evaluate the effectiveness of reflex zone therapy on quality of life among patients receiving external beam radiation therapy at selected cancer institute in Madurai.
			Mr.C. VENSINGH PRINCE	Evaluate the effectiveness of frozen needle on IM injection pain perception among adult patients at CSI Community Hospital
			Mr.V. ALBERT BLESSON	Evaluate the effectiveness of planned teaching programme on knowledge and attitude regarding organ donation among college students at selected institutions
			Mr. GEOPPAUL RUFUS JEBASINGH	Evaluate the efficacy of IEC package on computer vision syndrome by assessing knowledge and attitude among computer professionals in selected business processing outsourcing (BPO) organisations.
7	2012	5	Ms. MAHALAKSHMI.V	A study to assess the risk factors with knowledge and attitude among adults and in a view to develop SIM on CAD in a selected hospital, Madurai.

			Ms. JOHN LUCY MARY.X	A study to evaluate the effectiveness of touch therapy on functional independence among senior citizens at selected hospital, Madurai.
			Ms. MIRABEL JOTHI BAI.J	A study to evaluate the effectiveness of intradialytic stretching exercise on quality of life among hemodialysis patients at kidney center in Madurai.
			Ms. RAMYA ROSALIND .S	A study to evaluate the effectiveness of video assisted programme on knowledge and attitude regarding prevention of respiratory problems among cotton mill workers in selected cotton mills, Madurai.
			Ms. DHANAPRIYA.G	A study to evaluate effectiveness of aroma therapy on selected adverse effects among patients undergoing chemotherapy at cancer centre in Madurai.
8	2011	3	Ms. KARTHIGAI SELVI .A	A descriptive study to assess the knowledge and attitude among caregivers of bedridden clients and in a view to develop SIM on prevention of pressure sore in a selected hospital, Madurai.
			Mr. JOHNY GEORGE	A quasi experimental study to evaluate the effectiveness of saline nebulization in relieving dyspnea among COPD clients admitted in a selected hospital, Kattappana.
			Mr. PRAVEEN.J	A quasi experimental study to evaluate the effectiveness of chewing gum in increasing bowel motility among clients who had undergoing major abdominal surgery in a selected hospital, Madurai.
9	2010	3	Ms. ILLAYA BHARATHY .P	A correlational study to assess anemia and its perceived risk factors among anemic college girls in C.S.I arts and science college at Madurai.
			Ms. AVUDAISELVI	A quasi experimental study to evaluate the effectiveness of self instructional module on knowledge and attitude among care givers regarding prevention of selected complications of clients admitted with stroke in a selected hospital, Madurai.
			Ms. IRINE NISHANI.S	A quasi experimental study to evaluate the effectiveness of structured instructional module on knowledge and compliance of Bio-Medical waste

				management among nursing personnel in Christian Mission Hospital, Madurai.
10	2009	1	Ms. NAGESWARIN	A study to evaluate the effectiveness of learning module on knowledge regarding prevention of complications among patients with orthopedic devices in selected hospitals.
11	2008	1	Ms. JEYA JOTHI.P	A study to evaluate the effectiveness of structured teaching programme regarding knowledge and skill on cardio pulmonary resuscitation among nurses in Christian Mission Hospital, Madurai.
12	2008	1	Mrs.AnbuRosline	A Quasi Experimental study to assess the effectiveness of music therapy in reducing anxiety among clients admitted in the medical unit at Christian Mission Hospital, Madurai.
